Subject: FW: UPDATED RE: SOT 2021 - Response requested for those approved to attend before 8/29/20
Attachments: SOT POD Workshop Proposal_Final Submission.docx; SOT2021_High-throughput approaches in toxicology_resubmission_FV.DOCX

Hi Maureen,

Josh was the only one who responded with anything written about SOT. He sent the attached documents but it sounds like he hadn't talked to anyone about these yet. Would these abstracts already have been reviewed and cleared?

Thanks,
Kimberly

Hi Kimberly:

Per Trish's e-mail, I wanted to let you know about my role(s) at next year's SOT meeting.

- I'll presenting in a session titled: Molecular-Based Points of Departure as the New Basis for Chemical Risk Assessment: Are We Ready?.
- I'll also be co-chairing a session titled: Applications of Novel High-Throughput Approaches for Mechanism-based Chemical Safety Assessment.
- My team usually submits a handful of abstracts as well highlighting data from our most recent studies.

Hopefully this will be an in person conference, but we'll see.

Thanks and let me know if you have any questions,

Josh

Subject: UPDATED RE: SOT 2021 - Response requested for those approved to attend before 8/29/20

Dear all,

We are sending this to all of the BCTD Federal employees to determine attendance to SOT 2021 for planning purposes. As with other travel requests, please work with your supervisor to discuss if you would like to or are already planning to attend SOT. As in past years, please discuss what your role

would be (e.g., already accepted session, planned submission of an abstract, etc) and get supervisor approval before registering for the meeting.

Details on registering and housing are below.

For other travel requests, we will be sending out an email for requests in the next few weeks.

SOT 60th Annual Meeting a & ToxExpo, March 14-18, 2021 in Orlando, FL
(<https://www.toxicology.org/events/am/AM2021/>)

If you have already spoken with your management and you are approved to go please see the below
-

Registration is now open, but there must be EPA approval prior to registering (early-bird registration rates). Please complete the **form attached** with your name, role and SOT membership status, branch, and registration fee (don't worry about total costs yet) before 8/29/20. Once EPA has approval for this conference the IO will arrange and pay for all registration fees.

The hotel reservations are also open for booking. Please remember the current government hotel per diem is \$153 (this could change for FY 2021). We understand it is best to book early for this conference due to the large number of attendees. As long as you can book without an immediate charge to your government travel card, is not booked through a third party such as Expedia, Kayak, or similar, and there is no fee to cancel the reservation. The exclusive hotel fees that SOT has arranged.

Trish
